FONTO

company

XYLOVIOTECHNIKI SA is a Greek company which has as object the production of wooden seats and tables. It is activated since 1964 and located in the city of Larissa, at the 8Th klm of Larissa-Trikala road. The long-lasting and systematic insistence and the company's devotion in the productive procedure, expressed all these years with the continuous renewal and the upgrade of its mechanical equipment but also, with the repeated investments in new technologies and in specialized personel. The result of this enormous effort is the creation of a very important productive unit. XYLOVIOTECHNIKI today, utilizing its long-aged experience and the complete specialization, achieves a big ability and it can therefore presents itself competitive in the world market by offering the most excellent combination of price and quality.

factory

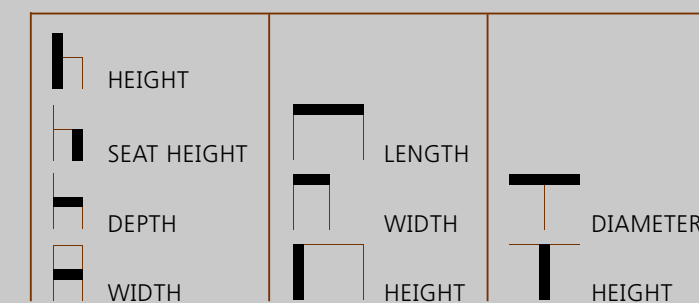

The factory of XYLOVIOTECHNIKI is installed in an area of 40.000 m² and employs 70 persons. The production line is specialized in the manufacture of chairs and tables. Aiming at the continuous quality progress and the minimum cost, the company invests in a new way of production and is trying to be competitive by using the new technology and by being modernized. The factory is tooling up in order to success high productivity in combination with high quality products. Lately the company has put into practice, the modern system of total management (ERP), which gives us the advantage to satisfy the requests of our clients all over the world, more quickly and in a better way.
